

*"You want everything to be perfect...
Microseal will help keep it that way"*

What Clients Say...

"...The Designers in the store and I have recommended MicroSeal to all our customers for 15 plus years."

Pamela N, Kreiss Collection Furniture.

"...I had my 70% silk (and the rest poly-cotton) blend sofa MiroSealed... Not once did I need to have it professionally cleaned... Other than minimal sun fading on a few small areas, the sofa looked new even after twelve years of heavy use!... I highly recommend MicroSeal to my friends and clients."

Kim Grieff, Residential Designer, AJS Designs

MicroSeal is endorsed by World Class yacht builders and yacht interior designers:

"I Recommend only the best... MicroSeal"

Jonathan Quinn Barnett, JQB Ltd.

What Independent Testing Laboratories Say...

"MicroSeal reduces wear... MicroSeal shows a useful degree of permanency".

Chatfield Applied Research Laboratories, London

"The MicroSeal formula is effective against oil based stains" (oil based stains include chocolate, butter, makeup, oil, mayonnaise, grease, tar)

TRI Environmental INC, Texas, USA

ACCIDENTS HAPPEN ... MICROSEAL® PROTECTS

IMAGINE A LIFE WITH.... Silk and fine fabrics that do **NOT** fade or discolour, spills that simply blot away and interiors that last longer and can withstand the rigors of living in the 21st Century...

MicroSeal Protects more than you realise:

Persian, Oriental and contemporary Handmade rugs

- Extends the life of valuable textiles

Fitted carpets, upholstered furniture and soft furnishings

- Protects and prevents staining and soiling from the start

Smooth leather and suede (including shoes and handbags)

- Natural and man made fibres

Quilts, new mattresses, fabric headboards and bedspreads

- Protect your home's investments

Car, boat and aircraft interiors

- MicroSeal can withstand the harshest of environments and situations

Costumes (including wedding dresses and evening gowns)

- Protection for personal items also

All silk, wool, cotton, natural and synthetic fabrics

- Protection for all materials of a fibrous nature

The Benefits of MicroSeal are the ones you'll never see...

MicroSeal Permanent fabric protector has been used worldwide for over 30 years; compared to other protectors it offers many advantages:

- Penetrates fibres and survives for years of protection, even after professional cleaning
- Doesn't shrink or stain fabrics and fibres
- Increases wear resistance
- Reduces smoke density and flame spread if fabric or fibres catch fire
- Mildew and static resistant
- Only attaches to fibres and will not seal in stains
- Does not damage woodwork, metal, paint or glass
- Environmentally Safe
- Can be used on any material with a fibrous nature, including wool, cotton, silks, synthetics, smooth-finished leathers and suede
- It's non-toxic and non-allergenic
- Permanent sun fade resistance by nearly 100% on most fabrics, carpeting and rugs
- Proven and tested by Independent Laboratories

**AT LAST –
A FABRIC PROTECTOR
THAT KEEPS INTERIORS
AS GOOD AS NEW**

If you are concerned that your interiors may suffer damage from spills, UV sun fading, or premature wear, *MicroSeal* is a completely safe and proven solution.

MicroSeal is so effective, that it continues to protect even after many professional cleans; this is because *MicroSeal* not only coats the fibres, it penetrates them, slowing down the wear and abrasion on carpets, rugs and soft furnishings, extending their life by up to 60%.

Unlike other protectors, *MicroSeal*, has been tested by **Independent** Laboratories who have provided reports to back up our claims.

At *MicroSeal* UK, we take great pride in our service and we are absolutely committed to helping you maintain your interiors; we know that *MicroSeal* is the perfect product to care for your belongings.

Please visit our website where there is much more information. There is also a short 3 minute “wine on silk” video demonstrating how fantastic this product is, simply scan the QR code below or visit www.microsealuk.com

I would be delighted to answer your personal questions about the many benefits of *MicroSeal* give me a call on 0203 005 3229.

I look forward to speaking with you very soon.

Best Wishes,

Richard Pruce
